UNUSUAL HYBRID SEEDLINGS

This is your last chance to secure a few of new and unusual crosses as we have only a very few left of each of the following crosses.

Cross number

558. *Laelia Purpurata* x *Laelia Harpophyllum*. Medium sized Orange-red flowers with frilled darker colored lips. Named *Laelia Purpurea*. Each \$2.00

559. *Cattleya Fendleri*. Fine variety selfed. The yellow flowered spray type of *Cattleya* which is hard to secure. Heavy textured long lasting flowers. Each 2.00

560. *Laelia Sanchina* x *C. Warneri* var. *Anastasia*. No expect medium sized yellow flowers with purple lips from this cross. Each 2.00

561. *Cattleya Harrisonae*, an old purple violet variety x *Cattleya Fendleri*. This should produce very dark colored, heavy textured, medium sized flowers which are in demand during the summer season. Each 2.00

The following two crosses are hybrids of the beautiful splashed *Cattleya Adnita*. A color picture of this variety of *Cattleya* is in the American Orchid Society Bulletin for January 1954 on page 17

562-563. *Cattleya Gordon Ruby* x *C. Adnita*. The seed parent is a very large dark colored hybrid.

564. *L.C. Princess Margaret* x *C. Adnita*. This seed parent is a high quality medium lavender colored, large flower.

Each of the above *Adnita* crosses, while they last at \$2.50 each. Any of the above seedlings are in 1 1/2 inch pots and ready for transplanting to 2 1/2 to 3 inch pots.

565. *Laelia Thompsonae* var. *Walton Grange* x *C. Empress Frederick* (this is one of the few yellow flowered hybrids with quality and vigor). Plants in 1 1/2 inch pots, each \$1.50

566. *Laelia Thompsonae* x *C. Adnita*. Should produce some very unusual colors in green, brown and yellow blends. Dwarf growing plants because of the *Adnita* parentage. Each in 1 1/2 inch pots. \$1.50

Offered below for the first time is a brand new cross which should produce some very unusual green colored catclys. Supply of these seedlings is very limited so if you are interested in new colors get your order in early.

Cattleya Elcanaro, fine white, purple lip variety crossed to a very fine heavy textured green Elcanaro variety of *Cattleya* leaf 1411. Plants in 1 1/2 inch pots at \$2.00 each.
